Martinrea Internacional de Mexico

PRODUCT CATEGORIES:

autoparts, tooling & machinery, design & engineering

CLIENTS: OEM, Tier 1, Tier 2

Manufacture of Fluids Systems, Steel and Aluminium Metal Parts, Assemblies and Modules.

Martinrea International is a global leader in the design, development and production of lightweight structures and propulsion systems that address the automotive industry's current and future needs. Centered on the ever-changing automotive industry, Martinrea works closely with its customers and industries to develop unique products and solutions. Martinrea's customers include automotive OEMs as well as industrial, agricultural, and aerospace manufacturers.

Main competitive advantage/differentiator: design and engineering, cost, quality, delivery and strategic locations.

Products: the company's core understanding of delivering engineering solutions exceeds industry-driven benchmarks for its customer base, providing quality results. It utilizes expertise with lightweight structures and propulsion systems, best practices in flexible manufacturing, and a commitment to quality management from start to finish.

PRODUCTS FOR:

Autoparts: axle, brake, body control; body and exterior; fuel cell systems; power control system (EV, HV, HCV).

Tooling & Machinery: axle, brake, body control; body and exterior; fuel cell systems; power control system (EV, HV, HCV).

Gauges, Fixtures, Jigs: axle, brake, body control; body and exterior; fuel cell systems; power control system (EV, HV, HCV).

Design and Engineering: axle, brake, body control; body and exterior; fuel cell systems; power control system (EV, HV, HCV).

CAPABILITIES:

14 world class facilities in México: Coahuila(5), Guanajuato(2), Sonora(2), Querétaro(3), San Luis Potosí(2).

CERTIFICATIONS & HIGHLIGHTS:

IATF 16949; ISO 9000 and ISO 14000; Member of INA; Affiliated to CAPIM.

Plants: Coahuila, Queretaro, Guanajuato, Sonora, San Luis Potosi

PROCESSES FOR:

Autoparts: stamping; machining; aluminium extruded parts; roll forming; welding, rubber metal parts; paint coating; assembly; harnesses, cables; packaging; inspection; brazing.

Tooling & Machinery: stamping; machining; aluminium extruded parts; roll forming; welding, rubber metal parts; paint coating; assembly; harnesses, cables; packaging; inspection; brazing.

Gauges, Fixtures, Jigs: stamping; machining; aluminium extruded parts; roll forming; welding, rubber metal parts; paint coating; assembly; harnesses, cables; packaging; inspection; brazing.

Design and Engineering: stamping; machining; aluminium extruded parts; roll forming; welding, rubber metal parts; paint coating; assembly; harnesses, cables; packaging; inspection; brazing.
